We are delighted that you have chosen Women's Health Associates for your prenatal care. It is our goal to provide you with the best possible professional care and to meet both your medical and emotional needs during this special time.

The team you have chosen consists of four expertly trained physicians, an experienced nurse-practitioner, two office nurses, and a host of other qualified office personnel. All of us involved in your care have committed ourselves to assisting you by answering questions you may have, finding you timely appointments, and dealing directly with your insurance carrier when necessary. Please always feel free to call us with any concerns. For emergency questions before 8 AM or after 5 PM, never hesitate to call us through our answering service at the regular office number of 436-1128. Someone is always available for you.

Enclosed you will find information which should be most helpful to you now in the beginning stages of your pregnancy. As time goes on, we will continue to provide you with further educational material and reminders about testing you may need. It is our intent that your entire experience here leaves you feeling prepared, well-informed, and reassured in anticipation of one of your life's most miraculous events.

Again, welcome!
